## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 112***

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-33 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. In claim 1, the following recitations lack antecedent basis: "the pipe" in line 5, "the bypass" in line 7 and "the toothed crown" in line 10. In claim 1, the plurality of recitations of "it" and "its" are vague and indefinite. In claim 2, "the boring teeth," "the lower crown," and "the cylindrical outline" lack antecedent basis. Applicant is respectfully requested to carefully review the claims in their entirety to ensure that each claim recitation has proper antecedent basis and that the recitations are not vague and indefinite.

### ***Allowable Subject Matter***

Claims 1-33 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

### ***Conclusion***

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
